

Parents of Gifted Students

Olathe Quest Connection
and
Blue Valley Parent Advocates for Gifted Education
invite you

**“Don’t Ask Alexa, Siri, or Google -
Ask ME!!”
The Parent Panel**

Parents and Guardians -- come join us for an evening of questions and answers, stories and anecdotes, and adventures and exploits with a panel of Olathe and Blue Valley parents who are ready to share their home runs and strike outs in raising gifted children. We will discuss managing over and underachievement, helping your child navigate friendships, handling the gifted label, how to respond to “school is boring” and “homework is stupid”, and so much more!

This free event is an upbeat forum to allow you to hear from those who understand, have been there, and are still there -- doing our best to be better parents!

Come find out what our parents wished they’d known 10 - 20 years ago!
